

TWENTY THIRTY AND BEYOND

SCHEDULE OF EVENTS

Wednesday, March 17, 2021

9:00 AM – **Welcome** – *Barbara Galgiani, MRA Board Member*
9:10 AM

9:15 AM – **2030 and Beyond**

9:35 AM

The Governor's Office of Business and Economic Development (GO-Biz) serves as the State of California's leader for job growth, economic development, and business assistance efforts. California leads the nation in zero-emission passenger and goods movement. Our system of incentives, regulations, workforce development, and active stakeholder engagement is designed to enable industry to deliver the technologies and scale we need to secure a prosperous, clean, and climate friendly future. GO-Biz has a team specifically dedicated to cultivating opportunities to accelerate zero-emission vehicle market growth. We welcome companies and ideas of all types and remain dedicated to success both inside and outside of California. Tyson Eckerle is lead staff for the ZEV team and will discuss the Governor's executive order and the charge his Agency has been given to shepherd the State towards the goals outlined in the EO.

Tyson Eckerle, Deputy Director, Zero Emission Vehicle Market Development, California Governor's Office of Business & Economic Development

9:40 AM – **State of the Marine Industry and the Future of Recreational Boating**

10:25 AM

NMMA President, Frank Hugelmeyer, and NMMA SVP of Operations, Robert Newsome, will be discussing the current state of the boating industry, and how both current challenges and opportunities will shape the future of recreational boating in California and across the United States.

Frank Hugelmeyer, President, National Marine Manufacturers Association

Robert Newsome, Senior Vice President of Operations, National Marine Manufacturers Association

10:30 AM – **Copper Paint Regulations Update: Charting a Course for the Marina Operator/Owner**

10:55 AM

Copper antifouling paint (AFP) controls are being prioritized in the Nonpoint Source Implementation Plan (NPS Plan) developed by the State Water Resources Control Board, the Los Angeles Regional Water Quality Control Board (RWQCB), and the Santa Ana RWQCB. MRA provided comments to the State and Regional Water Boards in 2020 and requesting clarification on the type of management actions marina owners and marina operators may anticipate. This presentation will summarize the range of compliance requirements that may be expected, an update on ATF issues in Los Angeles, Orange, and San Diego counties. Dr. Anghera provides a unique understanding to the AFP issues and assisted MRA in the development of formal comments to the State Board related to proposed ATF controls.

Shelly Anghera, PhD, Coastal, Water, & Environmental Technical Director, Moffatt & Nichol
